

## **TSAWWASSEN RESIDENTS AGAINST HIGHER VOLTAGE OVERHEAD LINES**

Mayor Lois Jackson and Council  
The Corporation of Delta  
4500 Clarence Taylor Crescent  
Delta, British Columbia  
V4K 3E2  
Delta, BC

February 20th, 2005

Dear Mayor Jackson and Council,

The members of Tsawwassen Residents Against Higher Voltage Overhead Lines, on behalf of all residents of South Delta, wish to express our sincere appreciation to our Mayor and Council for your tremendous support for the residents of South Delta with regard to BC Transmission Corporation's proposed Vancouver Island Transmission Reinforcement (VITR) Project.

We are very grateful that you have heard the concerns of the residents and that you have allocated resources toward resolving this issue to the satisfaction of all South Delta residents.

We believe that a negotiated resolution to this issue is possible that meets the needs of BCTC to provide power to Vancouver Island and at the same time meets the community values of South Delta residents.

We look forward to consulting with Mr. Harvie and staff on this issue. Again, our sincere thanks for your support.

Yours truly,

**Tsawwassen Residents Against Higher Voltage Overhead Lines**

Neil Atchison, P.Eng.  
Co-Chair
